Pediatric Pearls
CME Series

An innovative concept in Pediatric Continuing Medical Education

2015-2016

Ann & Robert H. Lurie Children's Hospital of Chicago is pleased to announce that it will again offer its CME series as a subscription package, one that enables physicians and practices to secure spots in multiple seminars at one discounted price.

By purchasing a full (five-course “showcase”) or partial (three-course “sampler”) series, attendees can save as much as 25% depending on which package they choose. By buying the series in advance, attendees are not only able to save money, but guarantee a spot in what have been historically sellout conferences.

For added flexibility, purchased spots are fully transferable. Attendees may also purchase spots in individual courses.

Details about each full-day course, the presenters and registration information are included in this catalog as well as on our Web site at www.luriechildrens.org/pearls

Don’t miss this opportunity to earn CME credits, network with your colleagues and gain a wealth of practical information on cutting-edge pediatric health topics. For questions or more information, call 312.227.7411 or e-mail cdenari@luriechildrens.org

Looking for other opportunities to earn CME?
Visit luriechildrens.org/cme for a complete listing of our online CMEs as well as live and on-demand webinars which are always free of charge.

Course Objectives and Philosophies

This program is sponsored by Northwestern University Feinberg School of Medicine and presented by the faculty of Lurie Children’s.

Accreditation statement

The Northwestern University Feinberg School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit hour statement

The Northwestern University Feinberg School of Medicine designates this live activity for a maximum of (please refer to each event) AMA PRA Category 1 Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
Pediatric Pearls

AGENDA

Tuesday, Nov. 17, 2015
Register by Nov. 7, 2015

Embassy Suites O’Hare—Rosemont
5500 N. River Road (at Williams Street)
Rosemont, IL 60018
847.678.4000

Enter hotel lot and follow lane for Embassy parking

This one-day symposium is designed for healthcare providers interested in learning about the latest pediatric treatments. The structure of this program remains the same with brief, practical hints related to several subspecialty dilemmas confronting you in your practice. For this installment, we present lectures on anxiety, chronic lung management, pediatric rheumatology, rhinosinusitis, dentistry, syncope, chest pain and psychological implications in children suffering from chronic illness.

Pediatric Pearls

AGENDA

Friday, Dec. 11, 2015
Register by Dec. 1, 2015

The Hyatt Regency—Schaumburg
1800 E. Golf Road
Schaumburg, IL 60173
Phone 847.605.1234

This one-day symposium for pediatricians, family physicians and other healthcare providers will discuss practical tips related to obesity and the health complications that often ensue. Throughout the day, our speakers will address some of the conditions brought on by obesity, share first-hand experiences and offer guidelines on how to improve patient care through education and comprehensive management.

Parking is included at this location.

Embassy Suites O’Hare—Rosemont
5500 N. River Road (at Williams Street)
Rosemont, IL 60018
847.678.4000
Enter hotel lot and follow lane for Embassy parking

This one-day conference should be attended by any healthcare provider wanting to learn more about kidney-related conditions. A panel of exerts will address topics on hypertension, hematuria/proteinuria, chronic kidney disease, bone health, kidney stones and kidney transplant. We will end the morning session with an interactive “college bowl” game that will require the audience’s participation followed by a question/answer session.

Division Head, Endocrinology; Mae and Benjamin Allen Founder's Board Professor in Endocrinology; Professor of Pediatrics

Please contact Catalina Denari at 312.227.7411 or cdenari@luriechildrens.org with any special needs at least three weeks prior to each course.

Refunds and cancellations: Refunds and cancellations are only available on individual purchases, and must be made in writing to Catalina Denari, two weeks prior to the scheduled event. The paid registration, minus a $20 administrative fee, will be refunded. We cannot issue any refunds on the subscription purchases; however, registrants may transfer tickets to their colleagues.

Registration is due approximately 10 days prior to each course, but please be aware that enrollment is limited. Therefore, symposia will be filled on a first-come, first-served basis.

If you are interested in buying the Showcase series (all five courses) or the Sampler series (three of the five), please complete your registration by Nov. 7, 2015.
